Sure is nice to get away.
Sure is.
I hope Sabrina's OK with watching Timmy.
Ah, she'll be fine.
She complains a lot, but you know how kind and dependable she really is.
Yeah.
©EWS
So why do I still want to go home and check on 'em right now?
I believe that's called "being a parent".

"All thanks to caller ID"

So, where's Tabitha?
Hmm?
What - you want her here?
Not really, but you usually end up sitting for both kids at the same time.
True, but I'm getting better at screening my calls now.
I was able to avoid the job this time.
Hmm, I wonder what your mom did without you to take Tabitha off her hands.
Do I have to care?
Mom! I know what happens when you turn that knob up all the way!

HOTEL
It's good to finally relax.
Sigh ~ I have really let myself go.
Maybe you have gotten a little thicker around the middle, but-
I mean - You're sexier now than the day I met you.
That's better.
©EWS

So, have you ever thought about settling down and having some kids of your own?
With you?
I dunno, possibly.
©EWS
I guess I never really thought about it. Between Timmy and Tabitha, I feel like I have all the kids I need.
Yeah, I suppose I can see that.
Well, look at it this way- You'll make a great mom because you already have lots of experience!
You do have a point there.
So - why the talk about children all of the sudden?
I'm not sure. I started thinking about sex, which led to procreation, which led to right now.

"Slightly less than thirty-one flavors"

Getting the ice cream on the way back here was a great idea.
Well, you're not dealing with a primate here!
That's my genius girl.
Ooh, you deserve a treat for that compliment.
Here, try some of mine.
Mmmm. It's very sweet.
Not as sweet as you!
You're the sweet one!
You!
You!
Oh please.

Cool. Now the rest of the evening is ours.
So, what shall we do with our time?
Oh, there's all kinds of things. We could watch TV, play games, or even just sit and talk.

;UNF! Why do you keep climbing on top? You have dominance issues or something?
You got a problem with that?
Now, I didn't say that.
Good, then let's get to the main event!
Yes ma'am!

Timmy, go to bed
Maybe you want to mess up our night, maybe you're just curious. I don't really care. I've been waiting for this all weekend, and I'm not letting you get in our way.
So, you can either back away now, or risk seeing something you'll need to talk to a therapist about when you're in your thirties.
CLick!
Thought so.
©E W S

That was not the reaction I was expecting.
I'll be happy when Mom & Dad come home. They're much easier to manipulate.
@EWS
Heh, good thing the kid didn't call your bluff.
Who said I was bluffing?
Wait, so you're saying you would've — in front of —

So, did you enjoy your vacation?
Very much, but I guess it's best we returned to our responsibilities.
I'll load the car while you finish packing. We need to be out before noon or we get charged for another day.
Check out isn't until noon!?

Hey girl. Feeling well?
Oh yes, and you?
Fine - maybe a little off.
Oh? what's up?
Oh, just that business with Timmy last night, and what might have happened if-
PLEASE! I wouldn't really do that in front of a child! You should know me better than that!
No?
No!
Well, you're such an actress that you totally fooled me.
Gimme a few minutes. I need to decide if I should be flattered or insulted.

Eggs will be ready soon.
Sounds good babe.
So... You okay kid?
I hope Sabrina didn't spook you too much last night.
Don't worry, she's a sweetheart really.
I'll let you in on a little secret,..
Sometimes she Spooks me too.

"Derailing the train of thought"

Bye hon.
I really enjoyed our time together.
Me too.
Y'know after all this time with Timmy, I think we would make a good family.
?
There was a mishap or two, but you showed great parent instincts. You've been smart, kind, caring, sweet, and-
Too mushy?
a little.
Thanks though.

Where have you been girl? It feels almost like it's been a year!
I was just spending time with RC.
Sounds nice.
I didn't think it was a problem as long as I got my work done.
Doesn't mean I don't miss you while you're away. Besides, we have some business to discuss.
Congrats on getting some over the weekend, by the way.
How are you always able to tell that?
You'd probably think it was gross if I told you.

Can I get everyones' attention?
©EWS
First off, DVD sales are down, with the current economy.
Normally this would be a bad thing, but sales from our new download store have more than balanced it out,
-And it's all thanks to this girl here!
As of today, I'm promoting Sabrina to head of our "new media" division!
CLAP CLAP CLAP CLAP CLAP CLAP
So, is there any difference between this new job and what I was already doing?
I.... guess not

Check out Sabrina Online at http://www.sabrina-online.com

So, was that quote - promotion - unquote - it, or-
There is a small raise by the way, but no, that's not everything.
You see, with the website accounting for a bigger percentage of our revenue, I thought it would be a good idea to take a more "hands on" role in the studio's internet stuff.
Makes sense to me, but where do I fit in to this plan of yours?
Well, for starters, I need you to help me figure out how to get into my email.
©EWS

Check out Sabrina Online at http://www.sabrina-online.com

I thought you already handled your own e-mail. You play online games!
Tina usually took care of this stuff for me.
Yeesh, look at all those different passwords!
If you like, we can tie all these account passwords into a master password.
That way you only need to remember one
Hey, that's perfect! Now all I have to do is write that one password down,
©EWS
- and put it right here on the monitor so I won't forget it!
Yeah, that's... great.

This is great Sabrina! I've learned so much from you!
Thanks to you, I know how to protect my in-box from all kinds of unwanted invasions.
You're welcome. I can tell you're actually taking this seriously.
How do you mean?
Well for one thing, you let several possible double entendres pass by with no comments at all.
©EWS
Wait, can I start over?
Nooooo...

Check out Sabrina Online at http://www.sabrina-online.com

Since we're doing this other stuff, could you teach me how to use Photo shop?
No, I don't think so.
Why not?
If I did, would you use it to modify pics of me into something naughty?
Mmm- perhaps.
Then it's a skill I don't need to give you.

Awesome! I just Googled myself,
Also no comment.
-and found this forum with a bunch of folks talking about me!
I'd be careful with those. Some people get pretty harsh with their comments.
PLEASE. I know how to handle criticism. I'm not some fragile diva that needs constant praise!
Alright then, good luck.
Eh!

What right do any of you have to say such horrible things about someone you don't know at all? Zig Zag never did anything to you to deserve the kind of crap you asses are spewing!

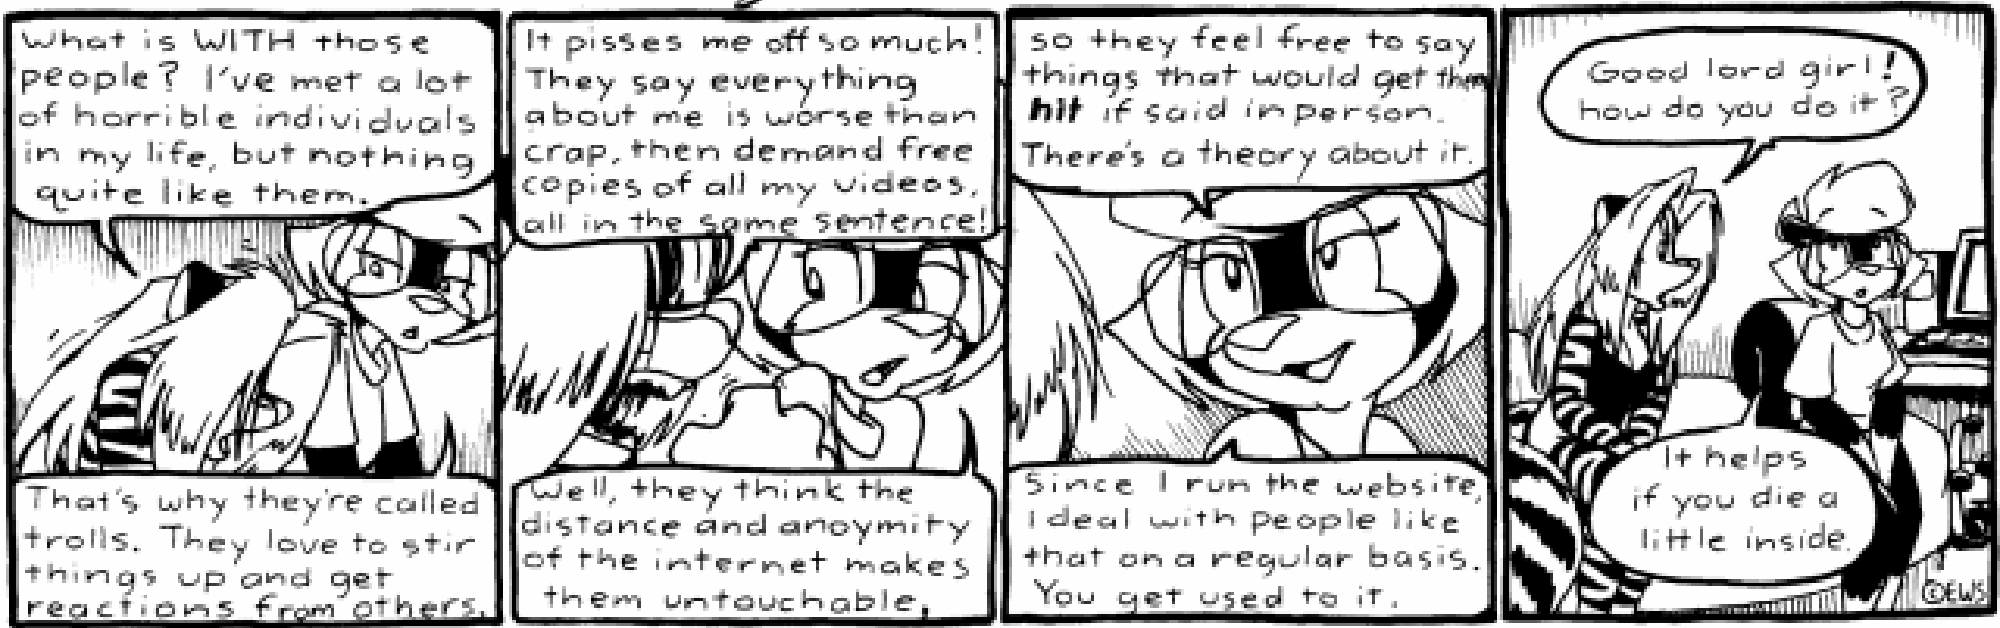
Trollface created by Whynne @ Deviantart



What is WITH those people? I've met a lot of horrible individuals in my life, but nothing quite like them.
That's why they're called trolls. They love to stir things up and get reactions from others.
It pisses me off so much! They say everything about me is worse than crap, then demand free copies of all my videos, all in the same sentence!
Well, they think the distance and anoymity of the internet makes them untouchable.
so they feel free to say things that would get them hit if said in person. There's a theory about it.
Since I run the website, I deal with people like that on a regular basis. You get used to it.
Good lord girl! how do you do it?
It helps if you die a little inside.

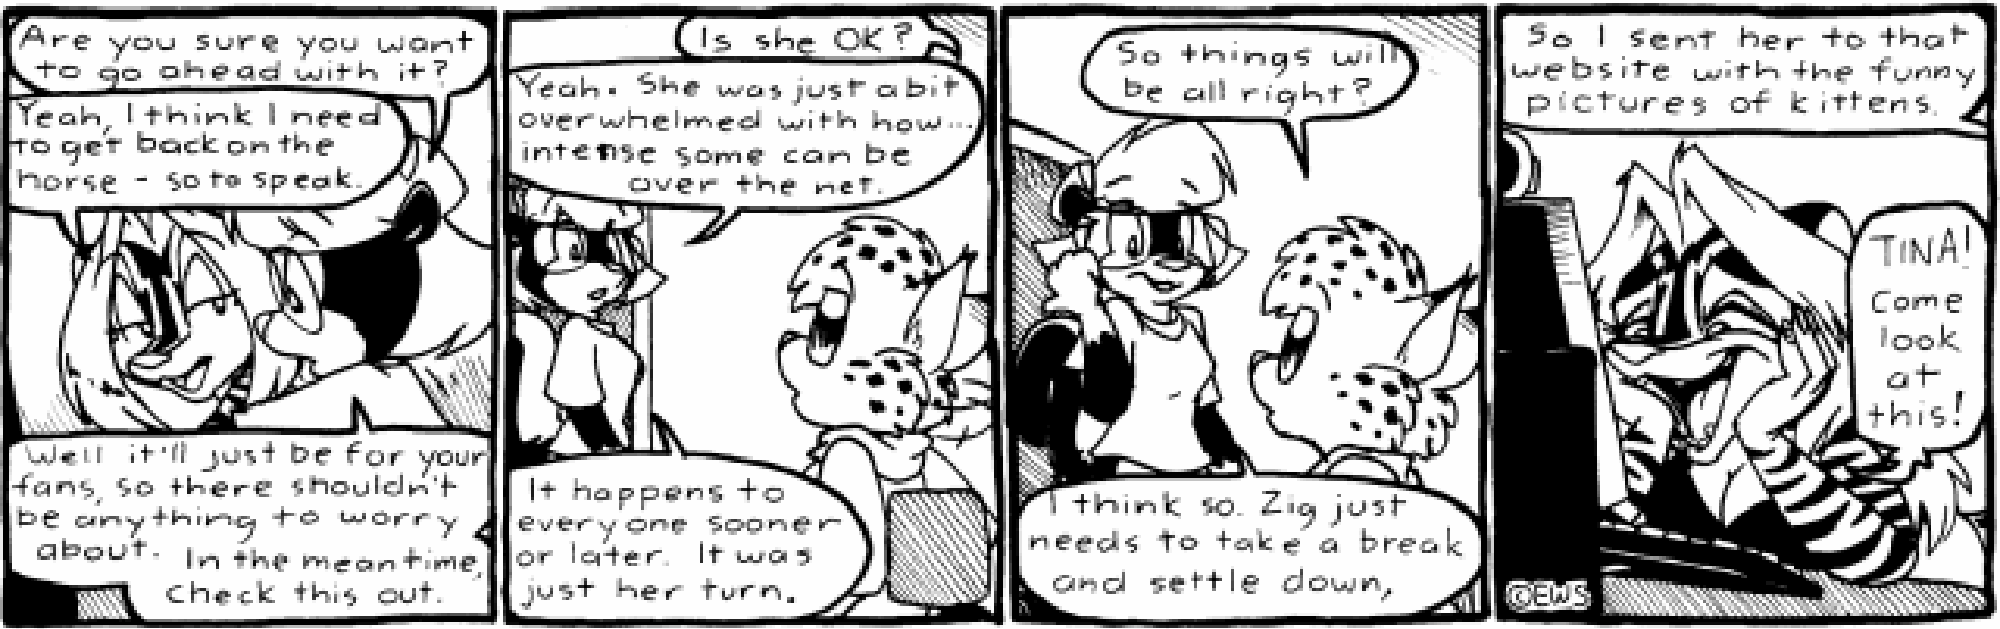
Characters and Sabrina Online ™ http://www.sabrina-online.com



Are you sure you want to go ahead with it?
Yeah, I think I need to get back on the horse - so to speak.
Well it'll just be for your fans, so there shouldn't be anything to worry about. In the meantime, check this out.
Is she OK?
Yeah. She was just a bit overwhelmed with how... intense some can be over the net.
It happens to everyone sooner or later. It was just her turn.
So things will be all right?
I think so. Zig just needs to take a break and settle down,
So I sent her to that website with the funny pictures of kittens.
TINA! Come look at this!

Welcome to my very first video chat everybody!
HI!
Wow it really (B)15(/B) you!
Awesome!
©EWS
Anyway, I'll do my best to answer your questions. So what's on your minds?
I LOVE you!
Show us your boobs!
Yeah! Put 'em on the glass!
Naughty naughty! My web girl tells me this is supposed to be a clean chat, because—
Awww! Please?
I'm your fan. You OWE me!
I'd pay you fifty bucks to watch you do something suggestive with a banana.
I just had a great idea!

Check out Sabrina Online at http://www.sabrina-online.com

So how does this work now?
It's a pay-per-view kind of thing. The customers you see there paid a fee to join the chat room.
We can tweak the business model as you and any others decide what works best for you.
There's hardly anyone on compared to my first video chat.
That's to be expected going from free to for-pay. It'll pick up.
— hopefully.
Guess I'll have to put on a good show.
uh-huh - speaking of, where did the webcam go?
Oh, it's around here somewhere.
ihq
Whoa! just like Fantastic Voyage!

Hi there! Looks like it's just you and me for the moment.

HEL-lo!
OK, that IS a nice one, but I'm not sure what you expect-

How's Zig?
Things were shaky at first, but she learns really fast.
Zig said this could become a big deal for the studio, especially if more actors video chat with the fans.
You believe she'll be interested enough to keep with it that long?
That's great. Move the bed closer to the webcam and the keyboard at the head of it so I can type.

I think she's settling into her groove.

It has wireless, so you can take it wherever, and the camera is built in.

It should be easier than trying to work around a desktop machine, anyway.

"In the middle of two conversations"

C'mon, don't leave! We hardly talk anymore.
I wouldn't want to get between you and all your new online lovers.
Oh, PLEASE.
So, how's life as a professional camwhore?
Awesome! I've been having so much -
wait, what?
Never mind.
I like interacting with my fans like this, some of them are real freaks!
I'll bet.
Her? She's the internet expert around here.
What?
Yeah, she sure is.
Hold it, are you-
No, I don't think she'd do that.
Trust me, I've been barking up that tree unsuccessfully for years.

"Taking off to run a few errands"

We've been falling behind since all this internet business started. Think you could steer Zig back to her regular work?
Hmm - I'll see what I can do.
It's just as well. I wasn't sure about telling her I tracked down the ones that trolled her, earlier. I can just put that off for now.
YOINK!
You should probably expect some further delays.
